

SCRIM

Continuous Roll Towel

4-Ply Scrim reinforced Continuous Roll Towels provide a strong, absorbent, recyclable alternative to standard paper towels and cloth continuous roll towels for hand drying. Berk's paper-based scrim roll towels are formed by plying a highly absorbent 4-ply tissue paper to a plastic web, providing the tissue layers with great strength and superior absorbency that is ideal for hand drying applications. Berk also offers a continuous roll wall-mounted cabinet for easy, hygienic washroom dispensing.

Comparable to: Midwest Specialty Products Nature's Linen® and other like rolls

Set-ups: 9.5" x 120 FT rolls with or without core

Industries: All industries including: Jan/San, Hospitality, Medical, Institutional.

Applications: All-purpose towels ideal for restroom use with retractable dispensers

Colors: White, Blue
