

A disposable wiper and bucket cleaning system that allows end-users to add their own chemical to create a custom pre-moistened wipe. The CHEMWIPE[®] materials have excellent strength and absorbency with low lint properties, providing an ideal material for heavy-duty cleaning, wiping, degreasing and surface prep.

Comparable to: Kimberly Clark KIMTECH[®] WETTASK[®]
Georgia Pacific Brawny Industrial[®] AccuWipe[®]
Surface System Bucket

Set-ups: Single-folded centerpull roll available in a small bucket system.

How to add your chemical solution to create a custom pre-moistened wipe.

1 Remove lid and place dry roll in ChemWipe bucket.

2 Add desired amount of liquid to saturate roll.

3 Place lid over bucket and pull wipe from the center of roll through the hole in lid to dispense. Reseal bucket with lid and start using ChemWipe.

With over 700 SKUs, Berk International offers a full range of standard, custom and specialty wipes to a broad range of industry needs. Many wiping options are available in light, medium or heavy-duty substrates.
